The Day :

We provide instruction, bowls and over-shoes for your customers. The bowls game is designed to provide regular movement of your guests to meet each other

Guests will draw lots and form teams of 3 – 4 and will compete against other teams from the group. Two ends will be played (down and back) and the score will be recorded by the Worthing Pavilion Bowling Club members. (The away team moves one rink to the right) Teams will continue in this fashion, competing against a different team every time, and recording their scores until all teams have played against each other. After completing this according to time every second team changes from home to away team and repeat above. By running the programme in this fashion guests will be able to play plenty of games but also get time to socialise and enjoy the venue.
